Dear Mr. Saylor & All Employees,

We wish to thank you all for your helpful cooperation in the building of our new home. We feel that our home is very well constructed.

From the ground breaking to the final closing on our home, we feel you helped us every way possible. When difficulties arose, you were very patient and willing to help us.

Also, when minor problems occurred when we moved into our home, you took care of them immediately.

We have received many compliments from friends and relatives on how well constructed our home is.

Thank You,
Mr. & Mrs. Frederick R. Wild
